

Summer is for everyone

Screaming around jumping, and having fun!

Running as fast as the wind in a water fight!

Bouncing on the bouncy castle all day and all night!

30 degrees outside and your getting a summer tan

Or playing capture the flag and plotting an amazing plan

Diving in the pool and scrambling up for air

Sprinting for a towel while there is water dripping from
your hair

Rooting the drawers to find a snack for the picnic

Eating loads of sweets and going Ballistic.

Not worrying about school and having sleepovers on
weekdays. But when autumn comes say bye to summer
and light pj's
