

Sports day 2021

For sports day 2021 we did hurdle races and there were two teams, then we did egg and spoon races that was good fun, then we did races, I came third in the girls group and then the boys did the races after that we used a parachute and played fruit salad(the rules are everyone has a fruit name, I picked blueberry and someone says two fruit names like blueberry and watermelon and they will have to run under the parachute and switch places). After all that was done we heard an ice cream truck and we were surprised with ice creams! We then played x and o's. And that was our amazing sports day!!!
